As amended in Board 1/4/88

FILE NO. 111-87-19 RESOLUTION NO. 6-88

(Interim Reclassificaton)

IMPOSING INTERIM ZONING CONTROLS TO CHANGE THE HEIGHT AND BULK FOR PROPERTY GENERALLY BOUNDED BY POWELL, FILBERT, MASON, GREEN, TAYLOR AND PACIFIC STREETS FROM 65-A TO 40-X; AND ADOPTING FINDING PURSUANT TO CITY PLANNING CODE SECTION 101.1.

1/4/88 ejp

WHEREAS, The procedure for consideration and imposition of interim zoning controls by the Board of Supervisors is set forth in Section 306.7 of the City Planning Code; and

WHEREAS, The property currently zoned for a 65-A height and bulk district in the area generally bounded by Powell, Filbert, Mason, Green, Taylor and Pacific Streets would allow development that is out of character with the scale of existing buildings; and

WHEREAS, The imposition of these interim zoning controls is necessary in order to preserve the status quo pending a determination by the Department of City Planning and the Board of Supervisors of the appropriate scale and development for the area; now, therefore, be it

1/4/88

RESOLVED; That this Board of Supervisors finds that this interim height restriction is consistent with the Priority Policies of City Planning Code Section 101.1 in that the proposed amendments: (1) would not affect neighborhood-serving retail uses as these amendments apply only to residential areas; (2) would discourage demolition of existing housing for new developments and preserve the small-scale bulding fabric of the east slope of Russian Hill; (3) would discourage demolition of existing affordable housing and replacement with new large-scale development; (4) would reduce the potential building envelope and therefore decrease potential traffic and parking impacts; (5) would not effect commercial or industrial development; (6) would not directly affect earthquake preparedness and all development which would occur under the proposed controls must be consistent with seismic requirements of the Building Code; (7) would serve to maintain the scale and character of the east slope of Russian Hill, including its landmarks and historic buildings, and reduce the incentive for large new development; and (8) would prevent buildings exceeding 40 feet in height and thus protect access of sunlight in parks and open space; and be it

ejp

FURTHER RESOLVED; That all the restrictions applicable to a 40-X height and bulk district are hereby imposed on the property currently zoned for a 65-A height and bulk district within an area generally bounded by Powell, Filbert, Mason, Green, Taylor and Pacific Streets, as more specifically shown on the map marked Exhibit A contained in the Board of Supervisors File No. 111-87-19 and encompassing all or portions of the following Block and Lots: Block 101, Lots 6,7, 7A, 8, 10, 11, 12, 13, 14, 15; Block 118, Lots 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 19A, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 40A, 40B, 41, 42, 43, 44; Block 128, Lots 1, 2, 3, 3A, 4, 5, 6, 10, 11, 12, 13, 14, 20, 21, 22, 23; Block 129, Lots 2A, 2B, 8, 9 10, 11, 12, 13, 13A, 13B, 14, 15, 16, 17, 18, 19, 20, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34; Block 148, Lots 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27; Block 149, Lots 1, 2, 3, 4, 4A, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 27B, 28, 28A, 29, 30, 34/93; Block 158, Lots 1, 2, 3, 5, 6, 7, 8, 27, 31, 32, 33, 34, 35, 36, 37, 38, 40, 41, 42; Block 159, Lots 9, 18A, 19, 21, 24, 25, 26, 27, 28, 28A, 29, 33, 34, 40, 41, part of Lot 44, 45, 47, 48; and be it

[Federal Legislation]

URGING THE CONGRESS TO ENACT H.R.3660 AND S.1885 TO PROVIDE FOR IMPROVED CHILD CARE SERVICES.

WHEREAS, The rapid growth in the number of working parents, particularly working mothers of children under the age of one, has resulted in a critical shortage of quality child care arrangements; and

WHEREAS, The lack of available child care services results in many preschool and school age children being left without adequate supervision; and

WHEREAS, Many working parents are unable to afford adequate child care services, and do not receive adequate financial assistance for such services from employers or public sources; and

WHEREAS, Making adequate child care services available for working parents, or parents seeking employment, would help to strengthen the well-being of families and the national economy; and

WHEREAS, H.R.3860 and S.1885, entitled the "Act for Better Child Care Services of 1987", seek to solve many of these problems by providing funds to make child care more affordable for low and moderate income families and to increase the accessibility of quality child care for all families; and

WHEREAS, Through H.R.3860 and S.1885 States will develop overall state child care plans including advisory committees to monitor child care programs and regulations and make recommendations for improvements; and

WHEREAS, H.R.3860 and S.1885 would provide for low income and handicapped children by reserving a minimum of 10% of the targeted funds for state and locally funded preschool programs and Head Start Programs; and

/ / /

WHEREAS, Passage of H.R. 3860 and S.1885 would help strengthen the quality of child care by requiring in service continuing education training for licensed child care providers and by providing scholarships and stipends to meet these training requirements; and

WHEREAS, The "Act for Better Child Care Services of 1987" would also require that States implement regulations and strengthen licensing laws relating to child care; now, therefore, be it

RESOLVED, That the Board of Supervisors hereby urges the Congress to enact H.R.3860 and S.1885 to provide for improved child care services; and, be it

FURTHER RESOLVED, That this resolution be transmitted to his Honor, the Mayor, with the request that he transmit the same to the San Francisco members of the House of Representatives, the United States Senators from the State of California, and the San Francisco Legislative Representative in Washington, D.C., with the direction to take all actions necessary and appropriate to carry out the intent of this resolution as speedily as possible.

laws, (d) performance of demolitions, alterations, or construction by unlicensed individuals, (e) design and construction of illegal apartments, and (f) leasing of substandard, illegal apartment units to tenants; and

9. WHEREAS, The prevalence of these illegal practices and nonenforcement of City codes mislead and induce purchasers of new multi-unit apartment buildings and altered houses to pay inflated prices for these structures based on the presumed profit potential of illegal apartments; and

10. WHEREAS, The purchasers of new apartment buildings who pay inflated prices later suffer severe financial losses when citizens initiate enforcement actions to abate illegal apartment units and the owners no longer receive the anticipated income; and

11. WHEREAS, The demolition of housing has caused much personal distress -- displaced people, increased homelessness, reduced housing standards, eliminated the most affordable rental housing choices, inflated housing prices and rents, reduced living standards and forced many people to move from the City-- and caused great physical damage to adjacent homes without fair compensation to property owners, forcing homeowners to pay thousands of dollars to protect and repair the foundations of their homes from damage resulting from the demolition of adjacent houses; and

12. WHEREAS, The people of San Francisco voted last November to enact Proposition M, mandating that existing housing and neighborhood character be conserved and protected and that the City's supply of affordable housing be preserved; and

13. WHEREAS, Many civic organizations and neighborhood coalitions representing over eighty organizations have deplored the destruction and major alteration of housing in San Francisco and have appealed to City Hall to establish a moratorium on the demolition and major alteration of housing pending the enactment of controls to protect sound housing from demolition or major alteration; and

14. WHEREAS, On September 17, 1987, the City Planning Commission adopted interim controls on new construction which: (a) do not address the Citywide housing demolition problems, (b) apply only to the Richmond and Sunset districts and exclude most neighborhood districts in San Francisco, (c) apply only to RH-1 and RH-2 residential zones in these districts and exclude thousands of houses located outside the RH-1 and RH-2 zoned areas in the Richmond and Sunset districts; and (d) can be circumvented through averaging or the conditional use procedure; and

15. WHEREAS, A moratorium is necessary to enable the Board of Supervisors, City Planning Commission, community organizations, developers, contractors, realtors, and interested citizens to study these problems and to devise permanent controls regarding demolition and major alteration of sound housing in San Francisco; and

16. WHEREAS, It is the intent of the Board of Supervisors to work with the Mayor, City departments, and other interested parties during the period of these interim controls to develop appropriate permanent controls at the earliest possible date; and

17. WHEREAS, In light of the potential fiscal impact of these interim controls on the operation of City departments, the Board of Supervisors intends to request affected City departments to perform an economic analysis of any such impact and to propose within two weeks recommendations which compensate for the lost revenue; and

/ / /

18. WHEREAS, In light of the overall intent to preserve and enhance the supply of affordable housing, it is appropriate to exempt from this order affordable housing projects under development by non-profit agencies; and

19. WHEREAS, This Board hereby finds that environmental review 87.651E and subsequent review contained in that file, conducted for interim controls on residential demolition and alteration, addresses any and all environmental issues raised by the legislation as presently constituted; and

20. WHEREAS, The procedure for consideration and imposition of interim zoning controls is set forth in City Planning Code Section 306.7; now, therefore, be it

RESOLVED, That a moratorium on the demolition or major alteration of single-family and two-unit residential buildings throughout the City, as set forth in the draft ordinance attached as Exhibit 1, is hereby imposed and be it

FURTHER RESOLVED, That this moratorium shall remain in effect for five (5) months or until final action can be taken on permanent controls, whichever shall first occur.

BOARD OF SUPERVISORS

(Housing Demolition)

AMENDING PART II, CHAPTER II OF THE SAN FRANCISCO MUNICIPAL CODE (CITY PLANNING CODE) BY ADDING SECTION 401 ENACTING A FIVE-MONTH MORATORIUM ON THE DEMOLITION OR MAJOR ALTERATION OF SINGLE-FAMILY RESIDENTIAL BUILDINGS THROUGHOUT THE CITY AND TWO-UNIT RESIDENTIAL BUILDINGS IN RH-1, RH-1(D), RH-1(S) AND RH-2 ZONING DISTRICTS, AREAS SUBJECT TO RH-1, RH-1(D), RH-1(S) OR RH-2 ZONING RESTRICTIONS AS AN INTERIM CONTROL, AND THOSE AREAS IN ADDITIONAL ZONING DISTRICTS WHERE SINGLE-FAMILY OR TWO-UNIT BUILDINGS ARE THE PREDOMINANT CHARACTER OF THE IMMEDIATE AREA, WITH THE EXCEPTION OF AFFORDABLE HOUSING PROJECTS UNDER DEVELOPMENT BY NON-PROFIT AGENCIES AND CERTAIN ADDITIONAL EXCEPTIONS.

NOTE: The section is entirely new.

Be it ordained by the people of the City and County of San Francisco:

Section 1. Findings. It is necessary to temporarily prohibit the demolition and major alteration of single-family and two-unit residential buildings throughout the City to enable the City Planning Commission, community organizations, developers, contractors, realtors, interested citizens, and the Board of Supervisors to study the various options available to the City to preserve its limited supply of housing especially the most affordable sound housing.

This moratorium is consistent with the Priority Policies set forth in City Planning Code Section 101.1 in that Policies 2, 3 and 7 are furthered because the retention of housing will conserve all housing, including affordable housing, will protect existing neighborhood character, and will preserve landmarks and historic buildings that provide housing. Policies 1, 4, 5, and 8 are not adversely affected. The moratorium does not affect

existing retail or commercial uses, create any transportation problems, shade parks, or block vistas since it seeks to maintain existing structures. Although requiring the retention of older structures could adversely affect the implementation of Policy 7, which promotes earthquake safety, the moratorium allows the demolition of unsafe buildings through the abatement process. Moreover, the extent of this risk is uncertain and, particularly in light of that uncertainty, outweighed by the City's need for housing.

Section 2. Part II, Chapter II of the San Francisco Municipal Code (City Planning Code) is hereby amended by adding Section 401 to read as follows:

Section 401. Demolition and Major Alterations Prohibited.

(a) No application for a permit which would authorize the demolition or major alteration of a single-family residential building throughout the City or a two-unit residential building in any RH-1, RH-1(D), RH-1(S) or RH-2 district, any area subject to zoning restrictions applicable to RH-1, RH-1(D), RH-1(S) or RH-2 districts pursuant to interim controls imposed under City Planning Code Section 306.7 (irrespective of when the controls are imposed) or those areas in additional zoning districts where single-family or two-unit buildings are the predominant character of the immediate area, and no application for new construction which would require the demolition of an existing single-family residential building throughout the City or a two-unit residential building in the above areas shall be received, considered or approved for five months after the effective date of this moratorium, except for affordable housing projects under development by non-profit agencies.

/ / /

BOARD OF SUPERVISORS EXHIBIT 1

(b) No more than one permit authorizing the alteration of a single-family or two-unit residential building may be approved during this moratorium unless the applicant demonstrates to the Superintendent of the Bureau of Building Inspection or a designee that the proposed alteration, in combination with other alterations, would not constitute a demolition or major alteration prohibited by these interim controls.

(c) Notwithstanding the provisions of (a), this Section shall not apply to any permit application to demolish a building which, after a public hearing, the Superintendent of the Bureau of Building Inspection has declared unsafe and economically infeasible to rehabilitate.

The Superintendent shall give at least 30 days' written notice of this hearing to the property owner and to owners and occupants of property on the same block as the proposed project site, and across the street from the site for one block (that is, on lots which abut the same street as that which abuts the site to the nearest intersections on either side of the site). For corner lots, notice shall be provided to the owners and occupants of property on the same block as the site and for one block along both streets which the lot abuts (that is, on lots which abut the two streets which the site abuts to the nearest intersection on either side of the site and, in addition, to the other corner lots at the intersection where the site is located.

If the Superintendent determines that the demolition permit shall issue, and an appeal of the issuance of the permit is filed, the Board of Permit Appeals shall consider the appeal of the Superintendent's determination under this subsection. If the Superintendent determines that the restrictions of this moratorium apply, the property owner may appeal that

determination to the Board of Permit Appeals. No permit authorizing construction on the site of a building demolished pursuant to this subsection shall be issued unless the construction would be limited to the same number and size of residential units and nonresidential uses as those demolished.

(d) Notwithstanding the provisions of (a), this Section shall not apply to: (i) a permit application filed prior to August 27, 1987; (ii) a permit that has been approved by City departments but an appeal is pending at the Board of Permit Appeals; (iii) a permit application that has been approved by the Department of City Planning but is still in the approval process; (iv) an application for a demolition permit filed after August 27, 1987, provided that a permit application for new construction on the site was filed prior to August 27, 1987 and the proposed demolition of an existing structure was clearly indicated; and (v) a permit application for which a conditional use was authorized as of December 31, 1987.

(e) Upon the receipt of any application for alterations under the provisions of Sections 401(f)(2) or 401(g), the Department of City Planning shall give 30 days' written notice of the application to all property owners and occupants of property on the same block as the proposed project site, and across the street from the site for one block (that is, on lots which abut the same street as that which abuts the site to the nearest intersections on either side of the site). For corner lots, notice shall be provided to the owners and occupants of property on the same block as the site and for one block along both streets which the lot abuts (that is, on lots which abut the two streets which the site abuts to the nearest intersection on either side of the site and, in addition, to the other corner

lots at the intersection where the site is located and to any neighborhood association on file with the Department of City Planning requesting notice of projects in the neighborhood. In addition, the applicant shall be required to post notice of the application for 30 days at the project site.

(f) For the purposes of this Section, the following definitions shall apply:

(1) "Demolish" shall mean the total tearing down or destruction of a building.

(2) "Major alteration" shall mean any alteration of a single-family or two-unit residential building that increases floor area, changes the outside dimensions of the building envelope, or increases the number of residential units; provided, however, that it shall not include: (i) an alteration which either increases the height of the building 12 feet or less or extends the depth of the building 12 feet or less or (ii) an alteration which is found by the Superintendent of the Bureau of Building Inspection to be compatible with the scale and character of the block and/or surrounding area using the criteria set forth in City Planning Code Section 101.1 as a guideline and where the alteration would not have an adverse impact on neighborhood parking.

[Change of Street Names]
CHANGING NAMES OF CERTAIN STREETS TO HONOR SAN FRANCISCO AUTHORS AND ARTISTS, AND PROVIDING FOR DUAL SIGNING.

WHEREAS, It is the policy and practice of this Board of Supervisors to name the streets of the City and County of San Francisco, wherever possible, after the names of persons whose deeds have contributed significantly to the City; and,

WHEREAS, San Francisco's literary and artistic heritage should be made more visible and better known; and,

WHEREAS, Many of its illustrious authors and artists, both remote and recent, have received no official recognition by the City; and,

WHEREAS, It would cost the City relatively little to recognize such artists by renaming certain very short streets after them; and,

WHEREAS, The following streets should be renamed as described below:

(1) Center Place, off Third Street between Townsend and Brannan Streets should be named Jack London Alley to mark the nearby place where Jack London was born in 1876.

(2) Adelaide Place should be renamed Isadora Duncan Lane, since the alley is within a block of Isadora Duncan's birthplace.

(3) Adler Alley between Grant Avenue and Columbus Avenue should be renamed Jack Kerouac Alley to mark the places, City Lights Bookstore and Vesuvio's bar, often frequented by this legendary beatnik author.

(4) Extension of Adler Alley (a cul-de-sac separated from the above-named section of Adler Alley by Columbus Avenue) should be renamed Saroyan Place. William Saroyan's most famous play, The Time of Your Life, is set at Izzy Gomez's Saloon nearby in North Beach.

(5) Aldrich Street, located directly behind the old San Francisco Examiner building, should be renamed Ambrose Bierce Street to honor this ~~infamous~~ iconoclastic and uncompromising Examiner columnist.

(6) Austin Street, located between Polk and Larkin Streets, should be renamed Frank Norris Street to mark the neighborhood described in Norris' novel McTeague.

(7) Grover Place should be renamed Via Bufano after the famous Italian-American sculptor who worked and lived in various locations in North Beach and for some time had a studio at Powell and Greenwich Streets adjoining presently-named Grover Place.

(8) The westernmost (half) block of Merchant Street (which has already been closed off and turned into an unnamed plaza) should be renamed Mark Twain Place; Twain met a man named Tom Sawyer, whose name he adopted for his most famous novel, here at the site of the former Montgomery Building (The Monkey Block).

(9) Harwood Alley should be renamed Bob Kaufman Alley after the legendary poet (known as "the American Rimbaud") who lived close-by for many years.

(10) The northernmost (half) block at the end of Leavenworth Street should be renamed Richard Henry Dana Place. The adjoining anchorage for historic ships makes this a fitting spot to honor the author of Two Years Before the Mast.

(11) Monroe Street should be renamed Dashiell Hammett Street, as Hammett resided at 20 Monroe Street during the 1920's.

(12) Nobles Alley, off Grant Avenue between Union and Filbert Streets, should be renamed Richard Brautigan Alley. This is at the heart of Brautigan's old neighborhood.

(13) Tracy Place should be renamed Kenneth Rexroth Place, after one of the most important critics, philosophers and poets to live in San Francisco during the 1950's and 60's; now, therefore, be it

RESOLVED, That the following streets or alleys are to be renamed after the following persons:

RESOLUTION OF THE BOARD OF SUPERVISORS URGING THE ST. MARY'S HOSPITAL BOARD OF DIRECTORS TO MAINTAIN THE OUTPATIENT AND THE RESIDENCY TRAINING PROGRAM IN THE DEPARTMENT OF PSYCHIATRY.

WHEREAS, the Board of Directors of St. Mary's Hospital and Medical Center has recently recommended that the psychiatric department terminate its outpatient department and its residency training program because of fiscal constraints on the institution; and

WHEREAS, the St. Mary's psychiatric outpatient program and residency program provides very valuable services to the community; and

WHEREAS, the Department of Health's Community Mental Health Services is dependent on the psychiatric services provided to the mentally ill in the two programs which would otherwise not be available in the City and County of San Francisco; and

WHEREAS, the discontinuance of the residency program may lead to the further reduction or loss of adult and child psychiatric capacity in the City which would have a devistating impact on the mental health system because the number of disturbed children and youth are increasing at an alarming rate and the number of inpatient psychiatric beds for adults is not sufficient to meet the needs;

THEREFORE, BE IT RESOLVED, That the San Francisco Board of Supervisors strongly supports mental health services provided by community hospitals, including those services provided by the outpatient department and the residency program; and be it

[Government Spending Limitation and Accountability Act]

URGING SUPPORT FOR AND ENDORSEMENT OF THE QUALIFICATION AND PASSAGE OF THE PROPOSED "GOVERNMENT SPENDING LIMITATION AND ACCOUNTABILITY ACT" INITIATIVE FOR JUNE 1988 BALLOT

WHEREAS, Californians for Quality Government is sponsoring an initiative measure, entitled the "Government Spending Limitation and Accountability Act," that would modify current government spending limitations and more accurately reflect California's economic growth and spiraling service populations; and

WHEREAS, current government spending limitations, found in the California Constitution, have threatened to force reductions in education, law enforcement, health care, senior programs and other vital services; and

WHEREAS, current government spending limitations restrict State and local government spending to 1979 levels, adjusted only for population and inflation changes; and

WHEREAS, the Commission on State Finance reports that the current limit could force over $23 billion in cuts in critical public services over the next decade; and

WHEREAS, current government spending limitations are inflexible, and inhibit the State's ability to use already collected tax dollars to maintain the current level of funding for critical services; an

WHEREAS, the prop sed initiative would modernize both the cost of living and population formulas now contained in the California Constitution, more accurately to reflect California's economic growth and changing needs, and would redefine gas taxes as user fees, so as to provide much needed transportation dollars without adversely affecting other crucial public services; and

(Supervisor Kennedy) 1

WHEREAS, the proposed initiative would ensure accountability to taxpayers by requiring the existing Commission on State Finance to report annually the manner in which State revenues are spent and the amount of the State appropriations subject to limitation; now, therefore be it

RESOLVED, That it is the policy of the City and County of San Francisco to support and endorse the qualification and passage of the proposed "Government Spending Limitation and Accountability Act" initiative for the June 1988 ballot; and be it

FURTHER RESOLVED, That copies of this resolution be forwarded to the Mayor for transmission to the State Legislative Advocate for presentation by the latter to members of the San Francisco delegation in the State legislature and the Governor with the request that all actions necessary and appropriate to carry out the intent of this resolution be taken as speedily as possible.

FILE NO. 178-88 RESOLUTION NO. 123-88

OPPOSING THE NOMINATION OF VAUGHN R. WALKER TO THE FEDERAL COURT OF THE NORTHERN DISTRICT OF CALIFORNIA

WHEREAS, Vaughn R. Walker's experience as a trial attorney has been limited to only three appearances before juries; and

WHEREAS, Mr. Walker has not handled any criminal matters in his years as an attorney; and

WHEREAS, Mr. Walker's sole experience with respect to civil rights legislation was to aggressively pursue the lawsuit of the United States Olympics Committee seeking to deny the use of the word "Olympics" by the "Gay Games;" and

WHEREAS, Mr. Walker went beyond the bounds of necessity and decency by securing a judgment against Dr. Tom Waddell and the Gay Games organizers, and placing a lien on Dr. Waddell's home when Dr. Waddell was battling his own AIDS diagnosis; and

WHEREAS, Mr. Walker refused to remove the lien against Dr. Waddell's home despite the fact that the courts had suspended the award which brought it about, and refused to remove the lien until after Dr. Waddell's death; and

WHEREAS, Mr. Walker consistently denied that the lien was in effect in total neglect of the truth; and

WHEREAS, Mr. Walker appears to have little regard for the life experiences of the average American, as evidenced by his having accepted in his years of law practice only one pro bono case; and

WHEREAS, His limited experience as an attorney, his lack of judicial experience, his seeming lack of integrity and his lack of compassion do not qualify him for the duties of a Federal judge; now, therefore, be it

RESOLVED, That the City and County of San Francisco opposes the confirmation of Vaughn R. Walker to the Federal Court of the Northern District of California; and be it

FURTHER RESOLVED, That copies of this Resolution be transmitted for signature to the Mayor, with the request that additional copies be sent to our representatives in the Fifth and Sixth Congressional Districts as well as to our United States Senators.

(Building Code)

FINDING BY THE BOARD OF SUPERVISORS OF THE CITY AND COUNTY OF SAN FRANCISCO THAT THE PROPOSED ORDINANCE IMPOSING RE-ROOFING STANDARDS IS REASONABLY NECESSARY BECAUSE OF LOCAL CONDITIONS.

WHEREAS, The Board of Supervisors is enacting an ordinance requiring permits for re-roofing and imposing re-roofing standards; and

WHEREAS, The re-roofing standards in the aforesaid ordinance differ in part from re-roofing standards in the State Building Code for residential buildings; and

WHEREAS, Health and Safety Code Section 17958.5 requires the City to furnish reasons to the State Housing and Community Deveolpment Department for such changes based upon local conditions; and

WHEREAS, Because of the limited land space in San Francisco, the building lots are narrow, buildings extend the entire width of the lot and abut against neighboring buildings; and

WHEREAS, Special fire hazards exist as a result of the crowded conditions caused by the abutting buildings; and

WHEREAS, Because of the special fire hazards, the San Francisco Building Code permits only roof coverings that are fire resistive;

WHEREAS, The proposed reroofing ordinance contains special provisions relating to fire resistive roof coverings; now, therefore, be it

RESOLVED, That the Board of Supervisors finds that the adoption of the proposed amendments to the San Francisco Municipal Code relating to re-roofing standards are reasonably necessary to ensure fire safety because of local conditions; and be it

FURTHER RESOLVED, That, upon passage of the re-roofing ordinance, the Clerk of the Board of Supervisors is hereby directed to transmit this resolution together with the aforesaid ordinance to the California Department of Housing & Community Development for filing pursuant to the applicable provisions of the law.

(Grant-Federal and State Funds)

AUTHORIZING THE DIRECTOR OF PUBLIC WORKS TO APPLY FOR UP TO $29,500,000 OF FEDERAL AID PRIMARY FUNDS AND REQUIRED STATE MATCHING FUNDS FROM THE CALIFORNIA TRANSPORTATION COMMISSION FOR ENGINEERING AND CONSTRUCTION OF ADDITIONS AND BETTERMENTS TO STATE ROUTE 1 BETWEEN EUCALYPTUS DRIVE AND HOLLOWAY AVENUE; DECLARING THE ADDITIONS AND BETTERMENTS TO ROUTE 1 TO BE SAN FRANCISCO'S SECOND PRIORITY HIGHWAY PROJECT FOR THE 1988/89 - 1992/93 STATE TRANSPORTATION IMPROVEMENT PROGRAM.

WHEREAS, the California Transportation Commission, upon the recommendation of the Metropolitan Transportation Commission, is authorized to make monies available for roadway projects upon the State Highway system; and

WHEREAS, State Route 1, also known as 19th Avenue, is designated as a Federal Aid Primary roadway, making it eligible for federal and state funding for additions and betterments; and

WHEREAS, each year the Metropolitan Transportation Commission requests county inputs and county priorities for the State Transportation Improvement Program; and

WHEREAS, high traffic levels on State Route 1 between Eucalyptus Drive and Holloway Avenue, combined with high levels of pedestrian and cross traffic movements contribute to high accident and congestion levels at the intersections of 19th Avenue and Winston Drive and 19th Avenue and Holloway Avenue; and

WHEREAS, a capital improvement program could effectively separate vehicular, pedestrian, and rail transit activity to improve both safety and reduce congestion; and

WHEREAS, Most of the traffic on 19th Avenue between Eucalyptus Drive and Holloway Avenue is regional in nature, and much of said traffic is generated by San Francisco State University; and

WHEREAS, State law establishes "county minimums" for expenditures of state highway funds and calculates the surplus or deficit nature of each county over five year periods; and

WHEREAS, the City and County of San Francisco has had the largest deficit for expenditure of State highway funds over two five year periods of any county in the region and significant state funding is needed to help achieve county minimum; and

WHEREAS, this Board believes that the California Transportation Commission has an obligation to sponsor additions and betterments on 19th Avenue in order to improve regional traffic, improve access to the State university, and contribute towards meeting the City and County's statutory county minimum of state highway funds; and

WHEREAS, the members of the Transportation Policy Group have endorsed submitting Route 1 additions and betterments into the State Transportation Improvement Program; and

WHEREAS, this Board will have the opportunity to authorize the expenditure of federal or state funds for engineering and construction, and will have an opportunity to review and approve all designs and alignments, prior to the acceptance or expenditure of funds; now, therefore be it

RESOLVED, that this Board of Supervisors declares San Francisco's Second Priority Highway Project for the 1988/89-1992/93 State Transportation Improvement Program to be Route 1 additions and betterments between Eucalyptus Drive and Holloway Avenue; and be it

FURTHER RESOLVED, that this Board of Supervisors, recognizing the importance of said Route 1 additions and betterments, does hereby authorize the Director of Public Works, with the approval of the Chief Administrative Officer, to apply for up to $29,500,000 of highway capital resources allocated by the California Transportation Commission for engineering and construction of Route 1 additions and betterments.

WHEREAS, The Rules Committee of the Board of Supervisors of the City and County of San Francisco had considered the possibility of proposing a Charter amendment to make all Fire Department positions above the level of Battalion Chief appointive; and

(AB 1192)

SUPPORTING THE PASSAGE OF AB 1192, A PROPOSAL TO ADD SOURCE OF PAY (INSURANCE) TO BIRTH CERTIFICATES

WHEREAS, This is a proposal to add 'expected principal source of pay for delivery' and 'principal source of pay for prenatal care' to the California Birth Certificate, for decennial revision, to begin January 1, 1989; and

WHEREAS, This legislation would provide the only way to relate payor source (i.e. access to care) to prenatal care and birth outcomes for the whole population; and

WHEREAS, Prenatal care is known to be related to birth outcomes (i.e. White, Black, Hispanic, and Asian women with no prenatal care have twice the low birth weight and three times the neonatal mortality rate of women with early care; and

WHEREAS, California would save an estimated $22 million annually if it provided prenatal care to those without it, which rises to $2.6 billion when future costs of care for disabled children are included; and

WHEREAS, Information on access to care for the population will allow local and State authorities to target high risk, low access groups and to more efficiently and effectively plan medical services for pregnant women; and

WHEREAS, Existing information on payor source (e.g. the Hospital Discharge Summary) is available only 2-3 years after such information is collected and is costly to obtain and analyze; and

WHEREAS, Such information would appear only on the confidential section of the birth certificate, thus protecting the parents and children from invasion of privacy; and

WHEREAS, The information is already collected by a number of other jurisdictions including New York City and State, Massachusetts, and Arizona; and

WHEREAS, The collection of this information would impose virtually no costs on local hospitals or jurisdictions and annual estimated costs of only $6,000 to the State; now therefore, be it

RESOLVED, That the Board of Supervisors of the City and County of San Francisco supports the passage of AB 1192, an effort to include payor source on the California birth certificate.

FILE NO. 108-88-4 (AIDS TESTING) RESOLUTION NO 180-88

RESOLUTION REGARDING AIDS TESTING FOR INSURANCE, MANDATORY AIDS TESTING, AND DISCLOSURE OF AIDS TEST RESULTS

WHEREAS, Unlike other diseases, there is the potential for invasion of privacy and resultant discrimination connected with Acquired Immune Deficiency Syndrome (AIDS) so that employment, housing and many other types of discrimination may occur unless adequate protection is provided to persons with AIDS or individuals testing positive for the Human Immunodeficiency Virus (HIV) which causes AIDS; and

WHEREAS, The health care community must constantly balance its duty to protect third parties from transmission of the HIV virus including health care workers and others potentially exposed to the blood or semen of persons who are HIV positive with the duty to protect the privacy of the individual with HIV virus antibodies in the blood; and

WHEREAS, The insurance industry has become an advocate of HIV testing to determine health insurance eligibility for individual and small group coverage. If an individual tests positive to a series of HIV tests they can then be denied health insurance coverage; and

WHEREAS, Requiring HIV testing to purchase health insurance coverage has a number of problems. This approach violates basic insurance principles of spreading risk, can lead to reduced access to health care for individuals who test positive, estimates indicate that up to 165,000 Californians with private coverage may test HIV positive and can lead to discrimination in many forms. Insurors financial risk is improved while nothing is provided in return to individuals and major health insurors (Blue Cross/Blue Shield Association and Kaiser Permanente) are not supporting the concept. It creates financial hardships for individuals denied coverage and creates a financial burden on counties as indigent care would increase as a result; and

WHEREAS, Mandatory testing has been proposed; and

WHEREAS, There have been proposals to allow for disclosure of HIV test results without written consent to a patients health care team; now therefore be it

RESOLVED, That it is the policy of the City and County of San Francisco to oppose all legislation that could require AIDS testing for health insurance eligibility; and be it

FURTHER RESOLVED, That the City and County of San Francisco supports high ethical standards of assuring confidentiality and security of individuals testing HIV positive; and be it

FURTHER RESOLVED, That it is the policy of the City and County of San Francisco to oppose legislation that requires mandatory AIDS testing for HIV antibodies or antigens, however, it does support confidential testing with the counselling and education accompanying the testing; and be it

FURTHER RESOLVED, That the the City and County of San Francisco support legislation that allows disclosure of test results to members of the persons health care team, and recommend that penalties for disclosure focus on the misuse of test information and that strong antidiscrimination provisions are included in the measures to assure individuals testing positive are not denied access to health care.

(Street Vacation)

DECLARING INTENTION OF BOARD OF SUPERVISORS TO VACATE TREAT AVENUE BETWEEN 18TH STREET AND 19TH STREET AND SETTING THE HEARING FOR ALL PERSONS INTERESTED IN THE PROPOSED VACATION AND INCORPORATING FINDINGS.

WHEREAS, A petition has been filed for the vacation of Treat Avenue between 18th Street and 19th Street, as shown on the Department of Public Works' drawing No. SUR-1085, a copy of which is on file in the office of the Clerk of the Board of Supervisors; and

WHEREAS, It appears that said portion of Treat Avenue is unnecessary for present or prospective public street purposes; and

WHEREAS. On April 17, 1987, the Department of City Planning reported the proposed vacation to be in conformity with the Master Plan and specifically determined the project to be consistent with the eight priority policies of City Planning Code Section 101.1 in that:

a) The project does not affect priority policies numbered 1, 2, 3, 5, 6, 7 and 8.

b) Policy No. 4 states "that commuter traffic does not impede Muni Transit service or overburden our streets or neighborhood parking." The project is a vacation of Treat Avenue which may result in the loss of 58 public parking spaces, including sidewalk space presently being used for parking, however, the vacated area could be utilized for parking by PG&E employees. The increased demand in off-street spaces would result in more time spent by drivers searching for parking or in drivers parking further away. Over time, the lack of readily available parking could lead to higher transit usage or increased ridesharing. The Traffic Study undertaken by DKS Associates for this project does offer some suggestions for relieving the projected excess parking demand. The recommended option is the implementation of a Transportation System Management plan (TSM), designed to reduce the dependency of the single auto driver. Included in the TSM would be the promotion of car and vanpools and preferential parking for those vehicle pools, staggered work hours to facilitate ride-sharing opportunities, and on-site provision of MUNI and BART passes.

c) Policy No. 5 states "that a diverse economic base be maintained by protecting our industrial and service sectors from displacement due to commercial office development." The proposed project will enhance PG&E's ability to maintain their utility shop uses at this location which currently employs 618 people. The project would not result in displacement due to commercial office development and future opportunities for resident employment would be enhanced through employee turnover and new job creation over time at the PG&E Service Center, now, therefore, be it

RESOLVED, That it is the intention of this Board of Supervisors to order the vacation of said portion of Treat Avenue.

Said Vacation shall be done and made in the manner and in accordance with the provisions of the Public Streets, Highways, and Service Easements Vacation Law (Streets and Highways Code Section 8300 et seq.) and notice is hereby given that on the 18th day of April, 1988 beginning at 3:00 P.M., in the Legislative Chambers of the Board of Supervisors, all persons interested in or objecting to the proposed vacation will be heard.

3/8/88
c

Upon vacation, the City will lease to Pacific Gas and Electric Company, the abutting property owner, the vacated portion of Treat Avenue in accordance with the terms and conditions of the Lease, a copy of which is on file with Clerk of the Board of Supervisors.

FURTHER RESOLVED, That the Clerk of this Board is hereby directed to transmit to the Department of Public Works a certified copy of this Resolution, and the Department of Public Works is hereby directed to give notice of such contemplated action in the manner required by law.

[Change of Street Name]
CHANGING NAME OF RICHARD BRAUTIGAN ALLEY TO NOBLES ALLEY

WHEREAS, Nobles Alley was recently changed by the Board of Supervisors to Richard Brautigan Alley; and

WHEREAS, That name change was one of 13 made by the Board of Supervisors to acknowledge artists from San Francisco's past; and

WHEREAS, Most historians believe Nobles Alley was named after Father Giovanni Nobili, an early San Francisco resident who helped found the University of Santa Clara and was instrumental in the development of St. Francis of Assisi Church in the North Beach area of San Francisco near Nobles Alley, and is significant to the history of San Francisco in his own right; and

WHEREAS, The residents of Nobles Alley were not notified directly of the proposed street name change, and therefore were unaware of the opportunity to testify about their opposition to the proposed street name change before the Public Works Committee; and

WHEREAS, The majority of Nobles Alley residents, as well as merchants and residents throughout North Beach have signed petitions opposing the change of Nobles Alley to Richard Brautigan Alley; and

WHEREAS, Because many Nobles Alley residents do not speak English, a street name change poses a hardship to the residents of Nobles Alley; now, therefore, be it

RESOLVED, That Richard Brautigan Alley be renamed Nobles Alley.
